

**WASHINGTON STATE**  
**LIQUOR AND CANNABIS BOARD**  
**NOTICE OF INTENT TO SOLE SOURCE**

The Liquor and Cannabis Board contemplates awarding a sole source contract to Socrata, Inc. to provide a Data Visualization solution to implement a new Marijuana Dashboard to provide our customers with a data-driven story, with easy to understand visualizations that leverage a vendor-supported cloud-based platform that is fully integrated into <http://data.wa.gov>.

Washington State government is embracing the concept of open data more and more to engage customers and answer common questions. Most questions can be answered with openly available, easy to understand visualizations with a data-driven story that fully communicates the answers. An affective data-driven storytelling solution will go way beyond simply making data open. It will help customers put that data to use to effectively connect the dots between policy and board decisions. WSLCB needs a solution that gives data owners the ability to easily visualize and enrich their data with important context, improving the ways in which WSLCB engages with government leadership, licensing customers and the business community.

This contract is anticipated to take effect on or about November 1, 2016 and will last for 1 year. The value is estimated at \$45,280.00.

Offerors contemplating the above requirements are required to submit capability statements detailing their ability to meet WSLCB's requirements by October 24, 2016. The following information should be included in the capability statement:

- Business name
- Contact name, email, and phone number
- Description of how your firm meets the needs described above

In the absence of other qualified sources, it is WSLCB's intent to make a sole source award of the contract.
